Sign up now an Honor/Memory Tree to be planted this Fall.

The Arboretum will plant trees in Memory or to Honor a specific person. The cost of \$1,000 and includes the planting of any one of the recommended trees or another tree provided is approved by WCV Nature Trail Board. It also includes a cast bronze plaque similar to one illustrated. For more information contact Jerry Lawrence at 717-984-2760 or grlawrence@comcast.net. Trees sponsored this summer will be planted during the Fall tree planting season.

If you enjoy the Nature Trail, help us get Lew Kauffman an equipment shed.

Lew and his trail crew have been storing their equipment in space provided in the Woodcrest Facilities shed. Not all equipment would fit, so some items were left outside or taken to their apartments and villas. Woodcrest has generously granted Lew space to place a 10’ x 12’ shed, similar to the one illustrated, to store his equipment. Now it is our turn to support Lew and help him buy the shed to show our appreciation for everything Lew and his crew have done to help make Woodcrest Village an even nicer place for all of us. Approximately \$2,300 is needed to reimburse Lew for the purchase and installation of the shed with necessary permitting. Lew and Jim McCoy have already cleared a spot for the shed even

though it won’t be installed until mid-summer. If you would like to help, make a check payable to **Woodcrest Villa Nature Trail**. Memo line: **Lew’s Shed**. Mail the check to **Dennis Good, Woodcrest Villa Trail Board Treasurer, 216 Vinca Place, Lancaster, PA 17601**. Lew and his crew need and deserve this storage shed.
